Range Hood Control

ZTS087K

Technical Selling Point

4 levels speed
Gas & smoke sensor
Remote control

Technical Parameter

Switch size: 230x30x25mm

ZTS177K

Technical Selling Point

4 levels speed
Gas & smoke sensor
Remote control

Technical Parameter

Switch size: 148.9x29.8x26.3mm

ZTS194K

Technical Selling Point

4 levels speed
Gas & smoke sensor
Remote control

Technical Parameter

Switch size: 220.6x53.4x23.9mm

ZTS252

Technical Selling Point

Membrane switch (colorful)
4 levels speed
Gas & smoke sensor
Remote control
Gesture Control

Technical Parameter

Switch size: 55x286.5x16mm

ZTS246K

Technical Selling Point

4 levels speed
Gas & smoke sensor
Remote control
Gesture Control

Technical Parameter

Switch size: 30.7x304mm

Range Hood Control

ZTS002K

Technical Selling Point

3 levels speed

Technical Parameter

Switch size: 300x25x23mm

ZTS015A

Technical Selling Point

3 levels speed
Lighting

Technical Parameter

Switch size: 122x19.5x24mm

ZTS201K

Technical Selling Point

4 levels speed
Gas & smoke sensor
Remote control
Gesture Control

Technical Parameter

Switch size: 204.5x24.7x24.9mm

ZTS220K

Technical Selling Point

4 levels speed
Gas & smoke sensor
Remote control

Technical Parameter

Switch size: 316x43.8x24.2mm

ZTS005K

Technical Selling Point

4 levels speed
Gas & smoke sensor
Remote control
Gesture Control
Lift Function

Technical Parameter

Switch size: 235.2x35x24.5mm

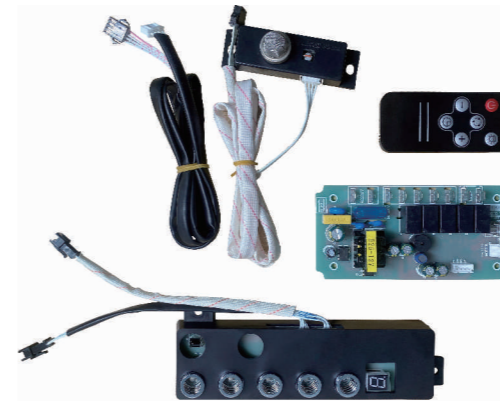

Range Hood Control

ZTS013

- Technical Selling Point
 - 4 levels speed
 - Gas & smoke sensor
 - Remote control
- Technical Parameter
 - Switch size: 360x38.6mm

Range Hood Control

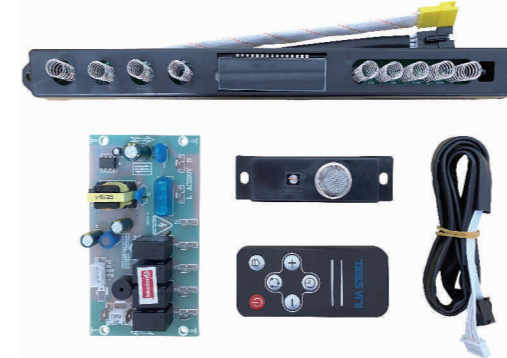

ZTS180K

- Technical Selling Point
 - 4 levels speed
 - Gas & smoke sensor
 - Remote control
- Technical Parameter
 - Switch size: 170x48mm

ZTS175K

- Technical Selling Point
 - 4 levels speed
 - Gas & smoke sensor
 - Remote control
- Technical Parameter
 - Switch size: 171.6x28.9x21.5mm

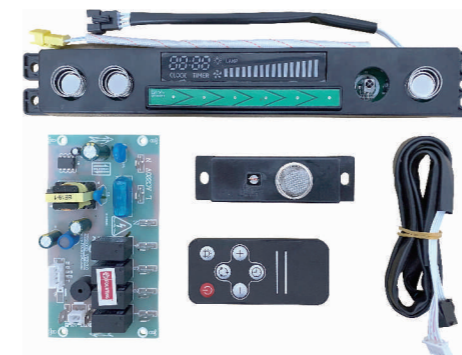

ZTS202K

- Technical Selling Point
 - 4 levels speed(Slide control)
 - Gas & smoke sensor
 - Remote control
 - Gesture Control
- Technical Parameter
 - Switch size: 275x25x20mm

ZTS195K

- Technical Selling Point
 - 4 levels speed(Slide control)
 - Gas & smoke sensor
 - Remote control
- Technical Parameter
 - Switch size: 240x53mm

ZTS206K

- Technical Selling Point
 - 4 levels speed(Slide control)
 - Gas & smoke sensor
 - Remote control
- Technical Parameter
 - Switch size: 244.6x42.8x25mm

Range Hood Control

ZTS252K-BLUE

Technical Selling Point

- 1.Optional mobile phone or voice control
- 2.Gesture Control
- 3.Remote control
- 4.Adapt to AC and DC fans
- 5.Other functions of range hood as required

Technical Parameter

Switch size: 233x50.6mm

ZTS277K

Technical Selling Point

- 1.Optional mobile phone or voice control
- 2.Gesture Control
- 3.Remote control
- 4.Adapt to AC and DC fans
- 5.Other functions of range hood as required

Technical Parameter

Switch size: 233x50.6mm

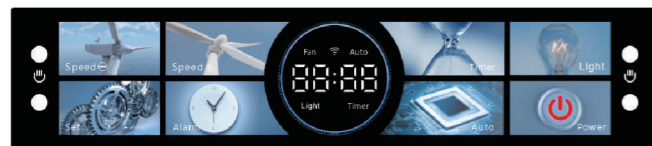

ZTS279K

Technical Selling Point

- 1.Optional mobile phone or voice control
- 2.Gesture Control
- 3.Remote control
- 4.Adapt to AC and DC fans
- 5.Other functions of range hood as required

Technical Parameter

Switch size: 233x50.6mm

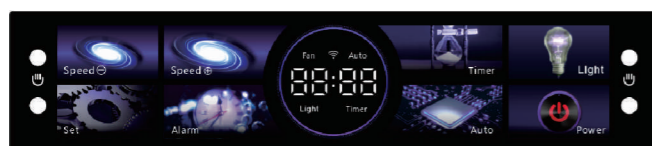

ZTS281K

Technical Selling Point

- 1.Optional mobile phone or voice control
- 2.Gesture Control
- 3.Remote control
- 4.Adapt to AC and DC fans
- 5.Other functions of range hood as required

Technical Parameter

Switch size: 233x50.6mm

ZTS283K

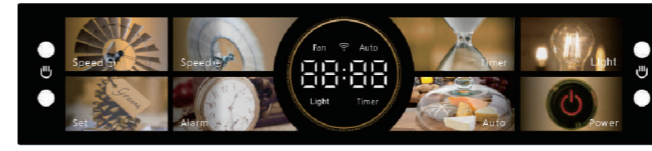

Technical Selling Point

- 1.Optional mobile phone or voice control
- 2.Gesture Control
- 3.Remote control
- 4.Adapt to AC and DC fans
- 5.Other functions of range hood as required

Technical Parameter

Switch size: 233x50.6mm

Range Hood Control

ZTS285K

Technical Selling Point

- 1.Optional mobile phone or voice control
- 2.Gesture Control
- 3.Remote control
- 4.Adapt to AC and DC fans
- 5.Other functions of range hood as required

Technical Parameter

Switch size: 233x50.6mm

ZTS286K

Technical Selling Point

- 1.Optional mobile phone or voice control
- 2.Gesture Control
- 3.Remote control
- 4.Adapt to AC and DC fans
- 5.Other functions of range hood as required

Technical Parameter

Switch size: 233x50.6mm

ZTS252K-03

Technical Selling Point

- 1.Optional mobile phone or voice control
- 2.Gesture Control
- 3.Remote control
- 4.Adapt to AC and DC fans
- 5.Other functions of range hood as required

Technical Parameter

Switch size: 233x50.6mm

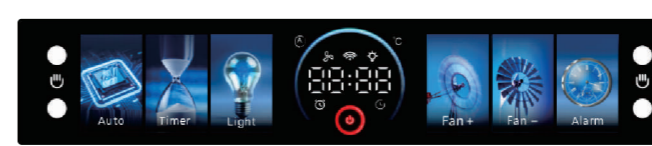

ZTS268K

Technical Selling Point

- 1.Optional mobile phone or voice control
- 2.Gesture Control
- 3.Remote control
- 4.Adapt to AC and DC fans
- 5.Other functions of range hood as required

Technical Parameter

Switch size: 202x40mm

ZTS276K

Technical Selling Point

- 1.Optional mobile phone or voice control
- 2.Gesture Control
- 3.Remote control
- 4.Adapt to AC and DC fans
- 5.Other functions of range hood as required

Technical Parameter

Switch size: 202x40mm

Range Hood Control

ZTS278K

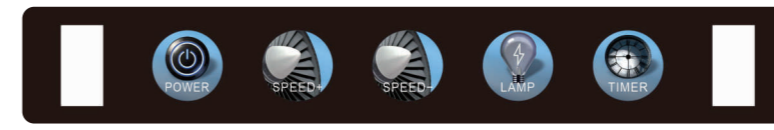

Technical Selling Point

- 1.Optional mobile phone or voice control
- 2.Gesture Control
- 3.Remote control
- 4.Adapt to AC and DC fans
- 5.Other functions of range hood as required

Technical Parameter

Switch size: 202x40mm

Range Hood Control

ZTS271K

Technical Selling Point

- 1.Optional mobile phone or voice control
- 2.Gesture Control
- 3.Remote control
- 4.Adapt to AC and DC fans
- 5.Other functions of range hood as required

Technical Parameter

Switch size: 202x40mm

ZTS280K

Technical Selling Point

- 1.Optional mobile phone or voice control
- 2.Gesture Control
- 3.Remote control
- 4.Adapt to AC and DC fans
- 5.Other functions of range hood as required

Technical Parameter

Switch size: 202x40mm

ZTS243

Technical Selling Point

- 1.Optional mobile phone or voice control
- 2.Gesture Control
- 3.Remote control
- 4.Adapt to AC and DC fans
- 5.Other functions of range hood as required

Technical Parameter

Switch size: 190x30x39mm

ZTS268K

Technical Selling Point

- 1.Optional mobile phone or voice control
- 2.Gesture Control
- 3.Remote control
- 4.Adapt to AC and DC fans
- 5.Other functions of range hood as required

Technical Parameter

Switch size: 202x40mm

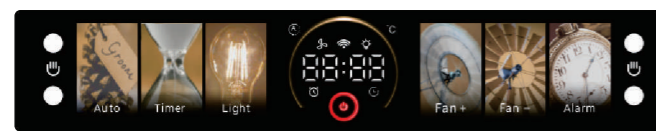

ZTS269K

Technical Selling Point

- 1.Optional mobile phone or voice control
- 2.Gesture Control
- 3.Remote control
- 4.Adapt to AC and DC fans
- 5.Other functions of range hood as required

Technical Parameter

Switch size: 299x40mm

ZTS284K

Technical Selling Point

- 1.Optional mobile phone or voice control
- 2.Gesture Control
- 3.Remote control
- 4.Adapt to AC and DC fans
- 5.Other functions of range hood as required

Technical Parameter

Switch size: 202x40mm

ZTS270K

Technical Selling Point

- 1.Optional mobile phone or voice control
- 2.Gesture Control
- 3.Remote control
- 4.Adapt to AC and DC fans
- 5.Other functions of range hood as required

Technical Parameter

Switch size: 150x70mm

ZTS250K

Technical Selling Point

- 1.Optional mobile phone or voice control
- 2.Gesture Control
- 3.Remote control
- 4.Adapt to AC and DC fans
- 5.Other functions of range hood as required

Technical Parameter

Switch size: 450x450mm

Technical Selling Point

1. The entire machine is divided into a stove and a smoke machine. This control switch is installed on the stove, and the smoke machine is controlled by wireless remote control. 2. The five buttons on the left are the furnace head timing buttons, each corresponding to a furnace head. The upper half of the screen is a timed display. 3. On the right is the traditional range hood control button. The lower half of the screen displays the functions of the range hood. 4. 5 timers working simultaneously

Technical Parameter
Switch size:940x145x39mm

High Quality Motor Strong Power More Durable

MOTOR

MOTOR

SPECIFICATION BLDC-FT94-20-120W (EKF02)

1.1 Requirements for technical parameters of product design

Rated voltage (V)	220	Efficiency	≥32%
Rated Frequency (Hz)	50	Power Factor COSψ	≥0.6
DC motor voltage (V)	310	Rotation direction (facing the shaft extension end)	Clockwise
Rated input power (W)	120	Storage environment humidity (%)	≤RH90
Pole Number (p)	8	Speed Governing	Stepless
Motor Duty	S1	Motor temperature rise (K)	≤80
Insulation class	B	Bearing temperature (°C)	≤95
Enclosure protection grade	IP4X	Grade Energy	A

1.2 Conditions of Use

- 1.2.1. Ambient air temperature: - 15~40 °C;
- 1.2.2. Humidity: below 95%;
- 1.2.3. Working state: the shaft is horizontal or vertical;
- 1.2.4. Load: shaft extension is connected with the wind turbine coaxial

2. Electrical Performance

2.1 Operating Characteristics

No Load Test

High Speed Current	0.145	Low Speed Current	0.082
High Speed Power	13.5W	Low Speed Power	4.2W

Photo of Motor
